

Here is the code (detail_book.html) for the next lecture :

```
{% extends 'base.html' %}
{% load static %}

{% block scripts %}
{% endblock scripts %}

{% block content %}
<!-- add header -->

<div class="flex justify-center">
  <div>
    <div class="text-center mb-3">
      <!-- display status -->
    </div>
    <!-- add qr code -->
    <div class="mt-7 text-center">
      <!-- rent or change status buttons -->
    </div>
  </div>
</div>

<div class="flex justify-center">
  <div class="mt-10 p-3 rounded-lg relative bg-slate-200 dark:bg-slate-600 border border-slate-300 dark:border-slate-600 text-slate-700 dark:text-slate-200 drop-shadow-md w-1/2">
    <!--code for copying to clipboard-->
  </div>

{% endblock content %}
```
